The furnishings of the house were removed quickly and the burning hay pulled out after quite a struggle to the yard. Mr. Boucher, who occupied the upper tenement, lost a fine power boat that he had just completed and was about to launch. He valued it at about \$1,000 and he had no insurance upon it. He had \$600 of insurance upon his household effects. The boat was on the roof of the wagon shed connecting the house and barn. Mr. Boucher worked until 11.30 o'clock Thursday evening finishing up his hand-made boat and was to have taken it to South Coventry and launched it in Lake Wangumbaug Friday.

The north end of the house was somewhat damaged upstairs and the interior flooded with water. The loft where the hay was stored is a total loss and the shed between the house and barn is pretty badly scorehed.

The T. R. Sadd company had insurance of \$1.000 on the place. Foley & Henry carried no insurance upon their stock and were unable to estimate their loss Friday. Mr. Stimpson had no insurance and his loss is principally by water and is only slight in comparison to the others. Mr. Boucher figures that his loss to household effects is in the neighborhood of \$300 and the boat is a total loss, as it was not insured.

Chief Webster, who is also fire mar-Ohler Webster, who is also fire mar-

"While serving in the U. S. Army, 1898 to 1901, I contracted stomach and kidney trouble, from which I have suffered ever since, and for which I receive a pension.

I tried many remedies, but none gave any noteworthy effect. About three months ago I began using Duffy's Pure Malt Whiskey as a medicine. I have used three bottles and have gained fifteen pounds since I began using it. I am still using it, and I do not think there is any medicine made that is equal to it. My stomach, liver and kidneys are in better order than they have
